AFOQT Secrets Study Guide: AFOQT Test Review For The Air Force Officer Qualifying Test

Synopsis

Get the test prep help you need to be successful on the AFOQT. The Air Force Officer Qualifying Test is extremely challenging and thorough test preparation is essential for success. Air Force Officer Qualifying Test Study Guide is the ideal prep solution for anyone who wants to pass the AFOQT. Not only does it provide a comprehensive guide to the AFOQT as a whole, it also provides practice test questions as well as detailed explanations of each answer. AFOQT Test Study Guide includes:

- A thorough overview of the AFOQT
- A guide to arithmetic reasoning
- A full study of math knowledge
- An extensive review of table reading
- A guide to the Instrument Comprehension section
- An examination of block counting
- A review of the aviation information section
- An analysis of self description inventory

Comprehensive practice questions with detailed answer explanations. It's filled with the critical information you'll need in order to do well on the test: the concepts, procedures, principles, and vocabulary that the Department of Defense (DOD) expects you to have mastered before sitting for the exam.

The Verbal Analogies section covers: Characteristic Similar Choices

The Arithmetic Reasoning section covers: Operations Fractions, percentages, and related concepts

The Word Knowledge section covers: What strategies can I use?

The Math Knowledge section covers: Numbers and their classifications Solving systems of equations Triangles

The Reading Comprehension section covers: How can I prepare?

The Situational Judgement section covers: What do situational judgement questions look like? How can I prepare?

The Physical Science section covers: How can I prepare? Term list

The Table Reading section covers: What strategies can I use to answer the questions quickly and accurately? What are the common mistakes to avoid?

The Instrument Comprehension section covers: How do I read the compass and artificial horizon instruments? How can I improve my ability to read the compass and artificial horizon?

The Block Counting section covers: How do I know how many blocks are touching the particular block? Are there any ways to make it easier to count the number of touching blocks?

The Aviation Information section covers: Fixed-wing aircraft Flight envelope Flight maneuvers

The Self Description Inventory section covers: What the Self Description Inventory section is

Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual AFOQT. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear.

AFOQT test prep book that provides a comprehensive review for the AFOQT test. AFOQT exam prep that will help you elevate your AFOQT test score. AFOQT study manual that will reduce your worry about the AFOQT exam. AFOQT review book that will help you avoid the pitfalls of AFOQT test anxiety. AFOQT practice test questions and much more...

Customer Reviews

I purchased the AFOQT Secrets study guide and so far, things are going well. I'm really glad I purchased this because I feel like the guidance is more than just step by step, but how to approach, comprehend, and overcome the hurdles that will be thrown throughout the test. I took the test once, cold turkey and I have one more shot to take it--ever. I'll make it count this time with higher scores than before!

Comparing this book to another one I purchased it isn't as thick and the information is error proof. Clear and precise flow of information, just after reading the first few pages I was more motivated to continue my studies then my previous purchase of different companies AFOQT study guide.

No resemblance to actual test. Of zero help.

Not enough content, but covered what was necessary

I recently purchased your product afoqt study guide and must say the book has been very helpful. It has been a few years since I have done the math section of this book and must say it is pretty clear on how to break down the necessary formula to solve the equation. Thank you for offering this product.

This study material is very helpful for the Math area, but I wish it had more practice questions. The block counting and navigation was also very helpful in the breakdown as I am not highly skilled in this section.

I have found this study guide and material extremely clear and helpful. I really like the practice questions and extra study tips throughout, especially the advice in the beginning of the manual.

i just received this book yesterday and looking through it, it looks great! It has a breakdown of each section that will be in the test and I hope it will help me. It had been recommended by various people in the AF so I am hoping I will pass this test.
