Customer Reviews

I loved Tim and Cade. I know this is the "complete series," but I was left wanting more. I would be happy to see a complete series, part two! M.A. Innes writes great kinky love stories, and I always enjoy them. Highly recommend!

This is a delightfully sweet bundle of books about Cade and Tim and their journey into the realms of age play. Tim has always wanted to wear diapers and had other ideas that his mind wouldn't let him even dream about. Worried what the world would think of him, he finally resolves to take small

steps toward his goal of wearing a diaper. Unaware that his neighbor Cade can hear him talking to himself through the thin walls, he leaks his secret out to the handsome hunk next door. Cade is a kind hearted guy and wants to help his shy neighbor and they meet through the thin wall of their apartments. Their journey into age play is sweet, sexy and loving. The gay sex is hot and the love they feel for each other grows along with their confidence in age play. A story well worth reading.

It wasn't inundated with a ridiculous regime of discipline and implausible strict structure. It was natural and there was discussion of how things were to evolve. Daddy was very considerate and patient...all done with love. Loved this!

Cade and Tim worked together because Cade became whatever it was that Tim needed him to become. He found that by taking care of Tim and being what he needed that he was satisfied and got what he needed. Cade and Tim live in apartments right next to each other and have very, very thin walls. Cade hears Tim giving himself pep talks to get some courage to try what he has always fantasized about but never had the courage to try. That starts Cade and Tim on a journey of discovering what they both need to become content with themselves and each other. I received this story in exchange for an honest review.

While age play is not a kink of mine, MA Innes' age play books are always must-buys for me because I love how beautifully portrayed the Daddy/little relationships are.

I liked this story. The characters were fun and raving about their interactions is nice. I'm glad this was the whole story in one go.

I was waiting for the other shoe to drop in books 3 & 4. Not to give anything away but Tim was just a little bit too agreeable when Cade wanted to push to boundaries of their age play relationship. It was a little on the sweet and fluffy side of age play. This book opened my eyes to this part of the BDSM world and I would not mind reading this subgenre again. M.A. Innes presented this topic well. Looking forward to reading her other works.

wow.....I've not read any books on this subject before but because I love Daddy/boy books I thought I'd give this a go and boy I'm glad I did.....this was written so brilliantly...The sweetness between Cade and Tim was beautiful.....I loved how Cade treated Tim when he was being daddy's little man

and he really looked after him....I will definitely be looking for more from this author as her writing is amazing.....x
