Customer Reviews

An avid knife enthusiast, Joe Kertzman is managing editor of BLADE Magazine. His other books

include Art of the Knife and BLADE's Guide to Making Knives, 2nd Edition.

Very clear photographs of knives from custom makers around the world. Great resource for tracking knife design trends particularly when reviewed against an older edition of the book. The articles are well written and cover areas of interest that would appeal to a wide general audience. Overall a good book if you are interested in custom made knives or are looking for a little design inspiration for a knife you are making. I buy the Knives annual every year but this year there wasn't really anything that stood out about it for me that makes it any more than an average edition that's why I gave it the rating I have.

Husband loves this book.
