Customer Reviews

“Candy-colored retro illustrations accompany a rhyming account of the adventures of Larry, a lost pooch, as he traverses through our City by the Bay’s fabulous landmarks and cultural attractions. The easy-to-follow story is complemented by clever geography and history trivia, making Larry’s mis-adventures the perfect teaching tool before or during a jaunt into the city. Lucky for us, Larry’s owners aren’t so leash-savvy, so we can get a dog’s-eye view of Los Angeles, Seattle, New York City, Chicago, and Texas, too.”

•Melanie Heimburg, *Dandelion*

“The story’s colorful, retro-inspired illustrations bring the beloved city highlights to life, and make them seem magical again even to a jaded city kid who walks past them every day.”

•Red Tricycle *Red Tricycle*

“Taking a

romp through the city doesn't have to be exhausting - just add it to your bedtime story ritual!

- Red Tricycle "These wonderful, easy-reading books for children of all ages highlights many of the wonderful things to do and see while traveling to these cities. Both armchair and actual travelers will relish getting lost with Larry.
- Cheryl Weems, Deschutes Public Library system, Bend Bulletin "Informative tidbits coupled with the rhyming words of Michael Mullin make it a more enjoyable and educational read. Being lost and searching has never been this much fun, and in the end Larry and his owner Pete reunite to drive back home exhausted from all the excitement. They also take with them the promise of yet another cool adventure the next day.
- Kaye Cloutman, Sacramento Book Review "This is a first-rate lost and found journey. The book also offers stunningly bright retro-cartoon style illustrations, often from the perspective of Larry the dog that will appeal to all preschoolers.
- Park Ridge Library

This is a delightful book about a little dog named Larry who gets separated from his boy Pete and races all over San Francisco trying to find him. This book can be read in two ways -- simply following Larry as he pops in and out of famous places in San Francisco looking for Pete, a cute story in itself, or include reading the small paragraphs of information about each landmark. You can also look at the book as a simple guidebook and go visit all the places mentioned. Wouldn't it be fun to take your own picture at each landmark and make a scrapbook of your adventure -- without, of course, getting lost :-)

Great book for our 7 and 4 year old as we moved to SF!

Bought this for my grandson, who lives with parents south of San Francisco, on the peninsula. He and his parents (and I) have visited or seen all the sites here, so it is nice for him to relate to. Recommend for Bay Area folks.

Bought it for my niece since I just moved to the city. She can't wait to visit me now! Very informative and fun!

Cute story with great illustrations. The rhyming story is easy to read and a short block of text on each landmark helps add detail for subsequent readings.

Great book for kids of all ages!! Really opens your eyes to San Francisco!

I have been buying my grandson all these books because his name is Larry!! I hope they come out with more soon!

Love this!
