Customer Reviews

There are books in heaven that need to be opened and unlocked before God can release justice to us as a righteous judge. These books detail personal destinies as well as about nations. Even Jesus had a book/scroll which He fulfilled on earth. It is worth a deep study to live out the revelation in Robert's book about the books written in the Counsel of God, before time began. Though this is a chapter in the author's earlier book "Operating in the courts of heaven", there are steps to manifest the books of heaven in the earth in a journey in scriptural progression.

This is my second book by Robert Henderson about this subject. They are both eye opening. This explains so much, I wasn't aware of. How things operate, how we can cooperate with God, to fulfill our destinys. I would recommend this book, I found it fascinating.

Although I have read another of his books before, and this is the second time am reading this book I am quite impressed with its contents . I can't imagine why I had not made a comment on this wonderful thought provoking book. It should be read with an open mind and as I did this time sort of judging myself about going about God's will for myself as against Emmy life so far! Great book!

Awesome information that we as believers need to understand

It was great,just not long enough

What I received on my Kindle was only a brief introduction to the book. It wasn't clear in the advestisement that it was not a complete book. I have not decided if I want to buy the complete copy.

This is the third book I have read in this series. I am still learning how to apply and appropriate the information, but it has opened up a whole new prayer perspective for me.

This is a sample of the book. I have the book in audio form. I made this purchase by mistake. The full book has a lot of info about the spirit realm we may have ignored.I have seen breakthroughs in areas of my life that have been hindered for years!
