## Customer Reviews

songs are nice and easy but a few of the songs sound nothing like the original.

I bought this for my son, to give him something besides what's in the school song book for him to play. He is in sixth grade, and just started playing this school year. In short, the songs are simple enough for him to play, and his teacher even let the students play them in class. The book has a nice range of song genres. If he practiced, I think he could play them well soon.
