# Simple History: Hitler & The Rise Of Nazi Germany

## Synopsis

Learn about one of the most explosive periods in German history: the rise of Hitler and the Nazi Party. In this book you'll discover how Hitler came to power, convinced the German people to follow him, and brought not just Germany, but the whole of Europe to the brink of destruction in the Second World War. Simple History, telling the story without information overload.

## Customer Reviews

Love this book series! The information presented is clear, easy to read, and suitable for my 5th graders who want to learn a little more about the time periods which we study.

I am a new fan of Simple Guides, the visuals and to the point history are great. I'm a writer and needed some facts on Hitler for a book I'm writing. The visuals kept me engaged and the fact bites were perfect for my needs. Very well done

I borrowed this book via KU because my son needed some material on his report about the Third Reich and the factors that led to the second World War. Yup, KU has become my own personal

library. Gotta love free books! This book perfectly summarizes the rise and fall of mein fuhrer and the Nazi Party - their ascent to power, their attempt to conquer the world, their defeat, and Hitler's trial at Nuremberg. Sure, all of these things can be read from a Wikipedia entry... but that would be too long, and in a way, too disjointed. This book presents the important events in a very easy-to-understand format simplified by stylistic illustrations (which have similar feel to the animation style of South Park) that makes the assimilation of the information herein even more effective and very enjoyable. The book did a great job in pinpointing the salient events in that period of history, explaining them in terms that anyone can understand and in an exposition that is both fun and educational, and simplifying the chronology of events in a manner that is far from confusing. This book is perfect for students and for people who just want to learn more about that dark chapter in our history. AAA+++ from me and an additional star from my 13 year old!
