Customer Reviews

Bruce Catton's *Civil War* collects the author's three outstanding works on the Civil War into one volume; a sensitive recounting of that bloody struggle filled with immediate detail, written with human warmth and careful historical research and reporting.

Read the first of the three books and am into the second. Beautifully written. Best battle descriptions of the civil war I have read. Focusing on details of one aspect of the whole makes the fights more personal. Tracing the stories to their origins and finding the root causes of the blame/credit takes more work but is so much more satisfying and brings closure. The accounts of missed opportunities and bad decisions when viewed in retrospect makes me wonder how much bad intelligence (Pinkerton) and communications always seemed to plague the Union and not the Confederacy. Until Jeb Stuart's fiasco at Gettysburg. Definitely looking forward to reading the rest of the volume. Bruce Catton deserves the accolades which he has garnered.

I am an amateur civil war buff.... I love all of the nonfiction narrative type books. I especially liked the

first in this trilogy on Mr Lincoln's Army. I got a much better grasp of the commanding officers that in previous books I've read.

Great insights to the Civil War.

I really wanted the three book series in paperback, but at the time and with Christmas closing in, I settled for this book. It will serve the purpose. Very quick shipment.

Wow!

This is a long series but helps to understand the issues and strategies of the civil war. It is quite readable

The book is in great shape. It's obviously old but clearly undamaged.

Fascinating
