BRIAN BRUSHWOOD has been touring nationally and internationally with his "Bizarre Magic Show," which is a thrill-ride mash-up of dangerous stunts, fire-eating, mind-reading, and comedy magic. He's appeared on the Tonight Show with Jay Leno, as well as dozens of national television programs. Brian is the author of five books and lives in Austin, Texas.

The content is five stars. It's fun and interesting. The condition I got the book in is not five stars. If I saw this book in this condition in the store I would not have purchased it. I understand most people

don't care a books and do horrible things to them, but a new book should be in better condition. The cover has a small bend and several dings as if someone used it to hold paper while they were writing and most disturbingly the bottom corners are bent. Yes I am picky about my books but if I wanted to buy something in less than new condition then I would buy it used and save myself some cash.

If you are a fan of the YouTube channel than you will enjoy this book. Great for everyone, even amateur magicians or those who just want to impress their friends.

The book does a nice job laying out the various scams and tricks from the Youtube series. Brushwood did a good job explaining the set-up and execution of each scam. While the tricks were pretty good, I was disappointed to find that the QR codes that are used to link to the Youtube videos did not work (expired). That being said, the short links still work.

Great book. I saw Brian Brushwood speak at SXSW. I was one of his fellow speakers. He's a great guy and his book had a bunch of useful ideas and gags in it. I will definitely be tricking some friends with it. A great purchase.

Filled with fun things to pull on your friends

Great book with excellent material. If you like to entertain at bars, dinners, or just in general and would like to have some fun impromptu material in your repertoire, this is for you.

Great book, really interesting, everything really explained, nice illustrative pictures... A good book from a good show, show some support to Scam School!

Finely a Scam School book that is not only available on Kindle. Glad to have a physical copy of most of my Scam School favorites.
