GRE Word List: 3861 GRE Words For High GRE Verbal Score

Synopsis

Your search for the best GRE vocab prep book is finally over. When you buy GRE Word List with Free CD #1 Download, you get all the 3861 words, meanings, and for most words, memorable sentence fragments exactly as used in Franklin GRE Vocab Builder Audio Program along with CD#1 as download.

Best For You If

1. If you are an American student who is not strong in vocabulary.
2. If you are a foreigner and English is not your first language.

Why is vocabulary so very important on the GRE test? It is so important because for most people it is more difficult to memorize vocabulary than to improve math skills. So if you can memorize the high frequency GRE words (which others find difficult) it can help you get high GRE score.

Why is GRE Vocab So Hard? GRE Requires You to Know the Less Common Meanings of Words. It may surprise you that GRE tends to test you for meanings that are not the most common meanings of words. For example, here are some words and the meanings you need to know (taken from the course). I have also added the meaning that will not lead to correct answer:

milk = extract
USE = the directors milked the company of several million dollars (not the milk you drink)

riddle = to make many holes in,
permeate
USE = the anti-aircraft guns riddled the plane's wings with bullets (not a puzzle)

root = to dig
USE = she rooted through the papers on her desk (not root of a tree)

rifle = search through and steal
USE = the safe had been rifled and the diamonds were gone (not the rifle used for firing bullets)

Carefully Selected Meanings and Memorable Sentence Fragments

The words are given in bold (example, the words belabor and buttress below). The meaning is given after the equal sign (=) following a word. The words are not necessarily in alphabetical order.

We have used the US spellings. The British spelling of a word, when different from the US spelling, is given in bracket after BRITISH as shown for the word belabor below. USE gives a sentence fragment carefully chosen for memory. When no sentence fragment is given, a * is shown as in the word buttress below.

belabor (BRITISH = belabour) = to assail verbally, to insist repeatedly or harp on
USE = belabor a point

buttress = support
USE = *#1 Biggest Time-Wasting, Failure-Causing Advice Given by Well Meaning Teachers, Friends, and Even Parents

The mistaken advice is this: Learn 10 new words daily and you'll know 3650 words in one year. The advice simply does not work because here is the fact: while most people are capable of learning 10 new words a day, but everybody forgets within a week and many forget within 24 hours. Other versions of the same advice includes use 10 flashcards day, use a dictionary, read English novels, etc.

Important: Please note that it is not your fault because it is the nature of the human mind.

2 SPECIAL FREE GIFTS Included for You

- (1) Complete content of the book "Franklin 1853 Most Difficult GRE Words" that was previously a Kindle ebook.
- (2) Instructions to download the first Vocab CD (about an 1 hour) of 19 CDs. Just this

Customer Reviews

This is perfect for non-native English speakers. I have flash cards from Manhattan Prep, which are very helpful, however, their collection of words are advanced, and do not cover basic. As non native English speaker, I needed to learn more basic stuff. This book is perfect. Its been a week since I received this book, and I can't believe how much vocabulary I'm building. I recommend this book for anyone, but especially foreigners ;) Don't forget to buy the CDs. I think looking at the words and hearing it make it easier to remember the words.

Been digging this for few weeks. They are definitely helpful for those who need the Vocab. However, it is not as extensive as you would think. First, it's not "3861" words. There are about 1800, and the other half is pretty much review. I recommend getting extra Barron's/Manhattan Prep for more lists.

I have not really delved deeper into the book, nonetheless just a glimpse of it proves its propitious. I am looking forward to completing it

I've been a little rusty since undergrad years.. Found this book helpful in getting me up to snuff with those words you may have left on the back burner because you don't use them everyday... I think it would be helpful for SAT Prep too, certainly would increase a high school students scores who was looking to increase their scores and maximize opportunities for continuing education in general undergrad or graduate.

I started my GRE prep with verbal, and I went over vocabulary before delving into prep questions. This book is an excellent resource for vocabulary found on the GRE. It's far more extensive than any other GRE vocabulary books or "boxes". Once I started working on practice questions, I found this list far more helpful than the other resources.

It basically covers all the GRE vocabularies needed! But, it may require more preparation time, approximately one month! If you have less time, try the vocabulary list in the back of McGraw-Hill's GRE 2014 edition!

Anyone studying for GRE knows it's almost impossible to remember the thousands words on practice exams . This had Tons of words .

Awesome item. Thanks so much for your hard work and customer service. You're always the best. Highly recommend for students
