Jorundyr's Path: Wolf Of The North, Book 2

Synopsis

Jorundyr's Path is walked only by the brave. It is survived only by the strong. As Wulfric pursues Adalhaid's Blood Debt, he soon learns that the path to revenge is never easy, and the desires of men and the will of gods rarely meet. Aethelman seeks answers to questions long ignored. Rodulf chases power and wealth. From the streets of Elzburg to the dry plains of Darvaros, Wulfric walks Jorundyr's Path and encounters a world larger than he could ever have dreamed of, filled with friends, enemies, and danger - the crucible from which heroes are forged.

Book Information

Best Sellers Rank: #39 in Books > Audible Audiobooks > Fiction & Literature > Action &

Adventure #54 in Books > Audible Audiobooks > Fantasy > Epic #122 in Books > Literature & Fiction > Action & Adventure > Fantasy

Customer Reviews

Story jumps around way way too much between characters. Like every few pages we switch, few pages switch it got me dizzy. Had the effect where some characters storyline seemed super short and then another super fleshed out but they had same amount of pages. I guess it's unique and I gave a four-star so obviously love the story but that was definitely something I bothered me throughout the entire book.

Overall I enjoyed this part of the Wolf of the North series. While yes the switching perspectives at times does become a little overbearing and makes it hard to follow the story at times. It does not happen as bad as people make it out to be. I do enjoy seeing events unfold throughout through multiple characters perspectives.

I enjoyed the first book, but the way this book bounced between characters was driving me crazy. If you only have 3 paragraphs to write about a character they don't need their own chapter! After reading the first book I thought the Wolf of the north was Wulfric but after reading this book it seems to be Rudolf as this book seems to be mostly about him.

Well developed story with hero's, God's, battles and adventure. Wulfric turns into a bloodthirsty bloodthirsty killer ough, kind of makes me miss the kindhearted boy In The beginning.... where is the t by its book I need it n ow!!!

Hamilton is really expanding his world and doing an excellent job of expanding his craft. He has already transitioned between key concepts (something that too many simply can not do) in presenting the same world through very different eyes.

I do not write reviews for the books I have read at all usually so that should say a whole lot. I will say that the first book captured my attention...the second has me on the edge of my seat awaiting the final chapter. I could tell you how I am in awe of the hero of the story and all the other pros people use to express and talk about how well written it is. Not happening. The best review I can give it is read them both for yourself because they are just that good.

It's was a throughly great read. Unique characters and story line, kept me interested from beginning to end. I am looking forward to book 3. Markus

Just as I had with the first book. I bought this book and couldn't put it down until I finished reading. The book is kept me entertained and good action. I look forward to reading the next book in the series.
