Always a great old hymnal

Great song book. It doesn't have all the songs I was looking for but it's still a great song book.

Great Price for Vintage Worship Music

Not necessary to include traditional hymns in a chorus book. Left out some good ones: How majestic is your name.

The whole 4 book series that has been out for many years is still timeless - Beige Book, Purple Book Red Book and finally the Green book full amazing songs to use for Church

This songbook was as good or better than described and was very well packaged. I really appreciated the quick response and would do repeat business with Rafters and Beams in a heartbeat! Thank you Deborah.

Almost every song that takes 2 pages is printed so you have to turn the page in the middle. This was not thought out well.
