# 1-2-3 Magic For Kids: Helping Your Kids Understand The New Rules

## Synopsis

Based on the bestselling parenting book 1-2-3 Magic, and adapted especially for kids!"1-2-3 Magic made parenting fun again." "I highly recommend this book to any parent who is spending more time yelling at or nagging their children than smiling at and laughing with them." "All I have to say is that the ideas in this book really WORK! It really is like magic!" "It's such a relief to not feel like I'm constantly yelling at someone! If you want to see a fast improvement in your child's behavior, check out 1-2-3 Magic." 1-2-3 Magic is the simplest, most effective parenting program for raising happy, well-behaved children, and now it's even easier to get your kids excited about their role in your family! Through engaging illustrations and a storybook format, 1-2-3 Magic for Kids lays out the program in a way that's relatable for kids of all ages. From counting to time-outs and everything in between, 1-2-3 Magic for Kids explains:• Why it's important for them to behave • How parents use 1-2-3 Magic to make sure everyone in the family is doing what they're supposed to do • Why their family will be happier and have more time for fun activities once they start using 1-2-3 MagicFeaturing full-color illustrations, puzzles, and games, 1-2-3 Magic for Kids is the perfect companion to 1-2-3 Magic. Whether you are just starting to use the program or have been finding success with it for years, Dr. Thomas W. Phelan's kid-friendly adaptation will help you and your kids work together to have more fun and build a stronger family.

Dr. Thomas W. Phelan is an internationally renowned expert, author, and lecturer on child discipline and Attention Deficit Disorder. A registered Ph.D. clinical psychologist, he appears frequently on radio and TV. Dr. Phelan practices and works in the western suburbs of Chicago.

This book is wonderful for helping parents explain the new "rules" to children. It is told in a story book fashion that children can easily relate to. It was really a blessing to have. We've read it a few times and our son loves it. He reminds me if I deviate from the structure in the book!

In my opinion this was a total waste of money. The book would be a fraction of the size of they spent less time telling you how great the book is and more time getting to techniques. My grandsons kindergarten teacher recommended "Parenting with Love and Logic". In the first few minutes I had more help than in the first three chapters of the other book. Hope this helps you.

Book arrived in good condition in a timely manner. It's a book that I used for years and would recommend it as a great tool for parenting from the toddler years through the early teens.

interesting in a sense the book is written from a child's point of view of being disciplined. Wish the book went into more details on the psychology of why the method works. i like how the book is very straight forward and a short read and formatted as if you were reading a comic book.

One of my little elementary aged clients actually likes this book so much that she (voluntarily) grabs it to read when she's directed into "time-out." This is a GREAT companion book to 1-2-3 Magic that introduces kids to the concept of "time-out" and gets them to buy into it.

My child was excited about this program after reading this book. To get a kid excited about a discipline program seems like an oxymoron, but this book does a great job of catching their attention!! Would recommend it to anyone hoping for changes in both their own parenting and the kids behavior!! Make sure to pick up the parent version too!!

This book is AWESOME!! Bought it for my daughter to read for my granddaughter. Ended up reading it first and the tactics used are just wonderful - everyone is enjoying each others company much more and my granddaughter's behavior has improved so much

This book really helped me parent my strong willed toddler.
