William Price Fox grew up in the Low County of South Carolina. He is the author of seven novels and short story collections, and his articles and stories have been published in numerous national

magazines and newspapers. He is currently the producer and moderator of the University of South Carolina E.T.V. Writer's Workshop Program and lives in Columbia.

I purchased this book looking for scenic places to visit away from the normal tourist traps. Boy was I disappointed. It offered very little information about spots to visit on the "Off the Beaten Path." One can hardly say that the Charleston Country Club, Middleton Gardens, Battery Park, Myrtle Beach, Barefoot Landing and the Columbia Museum of Art are "Off the Beaten Path." They are great places to visit but you must compete with all the other thousands of tourists. The book describes places to visit where all other tourists visit. A better title for the book would be "On the Beaten Path, South Carolina." Don't waste your money. You will do much better to go on line and Google "SC travel."

I like these books. The series we use for all our vacation trips. There are always places that are great to see and eat. Highly recommend for the wandering traveller.

There wasn't a lot in the guide that I didn't find in the other travel literature. That being said, the info was clear, concise and the guide was easy to use, so it was worth buying.

My wife and I were loaned a copy of this book from a neighbor - good book for folks who have recently moved to SC - gives us something to plan and look forward to come the nicer weather.
