This is few pages book but inside these few pages, we have treasure of knowledge, I haven't read something this amazing before. It also tells us how to fulfill your wills in life. How to move on a proper track. For happy life it is important to direct your brain in a proper direction.

I find as a teacher you apply your methods in a well placed manor. I agree that gut feeling are the guides that we can understand and follow. Focusing on what a person wants takes steps to exactly see ,understand, and execute the plan into action. This is a good guide for individuals that really want to change their life's for the better. Your father was incorrect in saying you are not a writer. Your book is well thought out, guides the reader the steps it takes to really promote change in their lives. GOOD READ!
