I just loved this wonderful, and very special book! I was very impressed with this book, which was written so long ago in the late 1800's by Rebecca Springer! I also have the books of Rebecca Springer INTRA MUROS - WITHIN THE WALLS, and WITHIN HEAVEN'S GATES, these books and this book, are the same book! Get them all and give them as gifts! Rebecca Springer the author of this book, got very sick, while she was several hundreds of miles away from home; she was dying alone and very close to death ; and while she was laying in bed looking out her window; she was praying for God to help her, because she had a strong longing, for the presence of her distant loved ones to comfort her and to be with her, but they were so far away, and she prayed for Christ, to help her to realize his presence, and to be with her if she died alone. Her prayer was answered right away! All her fears and worries slipped away, and Christ blessed her with blessings of peace, while she was in intense pain and suffering! One dark and cold stormy morning, she suddenly realized, that she was standing by the window ,and that someone was standing beside her, and when she looked up she saw that it was, her husband's favorite brother Frank, who had died many years ago. Frank beckoned her to go with him, and Rebecca turned around and looked at her room, and saw herself still laying on her bed. Frank carried Rebecca to heaven!Rebecca's vision of heaven is so remarkable and amazing, it is in VIVID DETAIL!! She describes such a beautiful, awesome place full of such beauty, that you cannot describe it, and she sees all these happy people walking among beautiful gardens and trees, and she sees a river of life, and she sees beloved family members, and people, that she knew before they died, and she sees a family dog, that remembered her; and she sees all these beautiful grand homes that are like palaces, and Jesus comes to visit her, and talks with her, and she was overwhelmed with his presence and wisdom! Also people in heaven have special assignments and duties! Rebecca even at one time ,goes back to earth and saves her husband from a fire, by waking him up and calling his name, and he hears & recognizes her voice!This is a remarkable story, Rebecca shows you HEAVEN, in graphic amazing detail, on what she saw! This is one of my favorite books on heaven! This book will comfort you, and give you hope, for the future! After you read this book it will stay with you, and it will make you think about things, and you will remember Rebecca's awesome beautiful vision of HEAVEN, she made me feel like I was right there beside her in HEAVEN! I highly recommend this awesome book!

Was sent this book as a gift many years ago. It was written over one hundred years ago by a lady that became very ill and went to heaven. She tells the reader that they can believe what they want but this is what she experienced. I really can't say enough about this book. Reading it left me with a

sense of peace like I have never experienced before and it still does as I have read it many times. I have bought two more since receiving the one as a gift because I like to give them away. My husband is not necessarily a religious person but is disabled and has been very sick in the last few years. I know without a doubt, he has read this book at least ten times. It gives him a lot of peace. offers a great price and excellent delivery. Thank you !

One of the most powerful, life-altering books I have every read.

This book is more than awesome!!! I felt like I was taking a tour of Heaven and was actually there. I had a very hard time putting it down. It is well written and keeps you wanting to see what is around the corner. It is easy reading and not a large book, so you are able to read it in a short time. I have read mine going on my 3rd time. It is one book that believe was a real experience - not a book to make money. It follows what the Bible tells us about Heaven - but in a way that us, here on Earth can understand. I have purchased several of these books and given them as gifts. If you have family and friends that are already there, it helps you to understand where they are and what they may be seeing or doing. After I read it for the first time, I sure was full of anticipation about being there myself...and seeing my family again!! The best book in the world other than the Bible...

"My Dream Of Heaven" by Rebecca Springer: This is a beautiful book giving readers a wonderful glimpse of Heaven. I'm sorry they changed the title from a previous edition because My Dream... sort of lessens the impact of the story inside. The previous reprint was called, "Within The Gates" and was a more exciting title benefiting the beautiful writing inside. That aside, this writing is filled with the faith, security, peace, and love we all so much wish we had now. But strengthens the hope of the phrase, the best is yet to come. The help to us as we have lost a loved one or friend is such a tremendous healing aid to know that we WILL meet our friends and loved ones again. It is not our loss, just a temporary separation for them living in a better more beautiful place waiting for us to join them forever more. When I lost a family member, I imagined them going through the same steps upon their entrance to Heaven and it eased the pain of separation so much. I've read this story many times and each time it gets better as I see things I had overlooked before. The chapter of the beautiful meeting with the Lord is worth the whole book. Buy this book and it will give you a most comfortable feeling that the best truly is to come!

Disturbing book. More imagination than truth.

I am so grateful to Rev. Neville Johnson, who is intimately familiar with God's Kingdom of Heaven, for recommending this precious book. It has blessed me profoundly and given me enormous hope.

This is my favorite book that I have read too many times to count. I keep it on my night stand and I give it away to dear ones too in special time of need. You will love this book too. I want it to have 5 stars in the rating but cant seem to change it. Never reviewed a book before.
