This is your resource on all things low carb & ketogenic. How to get started, what to eat & how to succeed. A keto diet is designed specifically to result in ketosis. It's possible to measure and adapt to reach optimal ketone levels for health, weight loss, or for physical and mental performance. Below, you can learn how to use keto to achieve your personal goals. On a ketogenic diet your entire body switches its fuel supply to run almost entirely on fat. Insulin levels become very low and fat burning increases dramatically. It becomes easy to access your fat stores to burn them off. This is obviously great if you're trying to lose weight, but there are also other less obvious benefits, like for example less hunger and a steady supply of energy.

I was looking for some guidance on how to plan a ketogenic diet for effective and healthy weight loss. This book has definitely achieved this purpose. It's a wonderful beginner's guide for anyone who is starting out on ketogenic diet and wanting to lose weight fast. I find the information to be very purposely laid out. For example, photos and nutrition facts are provided for every recipe which not all Ketogenic Diet books provide. Overall it's a good book for anyone wanting to know on low carb diet and losing weight in healthy way.

I think this book to be one of the best Ketogenic diet books I have read. I have found some information about healthier lifestyle and the benefits of diet are undeniable. This book will lay out easy to prepare recipes and now I choose my favorite recipes to be diet-friendly. I understand that choosing diet I can have simple, easy and incredibly healthy. If you desire to lose weight, strengthen your digestive system or even boost your overall health, Ketogenic diet is key. Very highly recommended!

This is a good book on The Complete Ketogenic Diet for Beginners. All of the things, tips and recipes that I need to know about Ketogenic Diet are already included and well written inside. Natalie Kordon has done an incredible awesome job in compiling and creating this book. This book is really a great resource for those who want to learn more about The Complete Ketogenic Diet for Beginners. The book is worthy of attention! I highly recommend this book to all.

How is this book getting great reviews??? The text is FULL of errors--insanely. And it is written for metric measurements! Terrible! If you want me to read something, by God, hire an editor! Author not online. This was a hack job to make money. Full of rudimentary information a content writer could

make in an hour. Shameful. Look at the other positive reviewers. They review several books in one day with very poor English! Fakes! Buy another book!

Excellent cookbook for starting a ketogenic diet. It not only has recipes but explains the diet and how to do it. I received this product for free in exchange for my honest and unbiased review. Great cookbook for anyone serious about doing a Ketogenic nutrition plan.

This book describes from start to finish the premise behind ketogenic dieting and how it works. This is a very good book and I am glad I own it for reference. Would I recommend this book to other people? Yes I would including friends. I absolutely think this is great book. All opinions are my own and they are not influenced by anyone but myself. If this review helped you at all please vote yes below.

This book provides good information about this Ketogenic Diet. it is really nice, and has a lot of new delicious recipes. A very informative recipe book that not only helps us to be healthy but also helps us to prevent from disease. We have tried several recipes and they are great.. I highly recommend this book!
