This is a decent book on Windows 10. I have been using Windows 10 for a while now but this book really helped me get the most out of it. I understand now the basic needs to know about windows 10. This book will cover the following topics: Common issues within Windows 10 & how to troubleshoot them Tips, tricks & hints for using Cortana How to make the most of your start screen New features in Windows 10. Overall, fantastic book.

This is a great book on Windows 10. In this guide you can find everything you need to know about the new Windows 10. The instructions are easy to understand and will help you learn how to use all the new features. The information is very helpful and detailed. I find this book really useful guide. I recommend this book. It will take you by the hand and walk you through the process of installing your new Windows 10 operating system.

Excellent book on the new operating system by Microsoft, Windows 10. This guide totally met all my needs even answering my question as to why Windows 10 is so slow! The author did a good job in presenting all the necessary information about the operating system without going into too much technical detail. The book is written clear and understandable. I will be using this book as references in the future and highly recommend it.

This book really helped me a lot in getting a better understanding about the Microsoft Windows 10. For a beginner could use this book as it explains the basic aspects of installation and operation of the system. This is a perfect guidebook for the dummies and it fully loaded with all the essential guides & basic information about Windows 10 operation system. I will follow this author, thank you.

Great book. lot's of useful information is available in this book. If you want to get know full benefits of windows 10 then must read this book. here you also get how to operate windows 10 properly.

This is an informative book on Windows 10 All of the things, tips and guides that I need to know about Microsoft Windows 10 are already included and well written inside. Jason Brown has done an incredible awesome job in compiling and creating this book. Also the unique part of this book is the compilations of the "Tips, tricks & hints for using Cortana & How to make the most of your start screen". Very informative, useful and well written. The book is worthy of attention!
