Customer Reviews

At first, I thought this box-set was just another one of those offers that, you know, just come and go. But after reading a few pages, I learned differently and I was wrong.It is a very interesting book! Very practical and easy to understand. I was able to put myself into it. I also appreciate the erotica part. It was good for me. Very refreshing too.I agree that saying this book is hot is an understatement. It is definitely something more!

This is one of the most sensual books that I have read in long time medical genre. The story line is quite interesting and and scenes are quite exotic. I will suggest this book to anyone who is looking for a short, fantastic erotic novel in medical genre.

The narrative was stale and bugged me throughout the novella. At first I thought I was reading the synopsis of the book because of how it was written, as if the author was giving brief descriptions. But no, imagine having an impassive by play of a sex encounter, if you don't believe me, read the clips below."Overall, Amber is quite attractive, if young and a bit naive. She's just budding into her adulthood, and so far, adulthood is suiting her quite well." "Dr. Jameson is probably in his late thirties or early forties. Given that he's a well-established gynecologist and obstetrician, he's likely on the top end of that range, but he looks much younger, and carries himself with a particularly confident, youthful air." On it's own, these individual excerpts may appear to be okay, but not if the tone and writing style is like this for the WHOLE book.

This is a short and sweet erotic romance about an inexperienced nineteen year-old girl named Amber who receives kinky sexual education from her gynecologist. Dr. Jameson knows his way around the female body, and it shows in this story! The sex scenes are steamy and satisfying. I would recommend this book to anyone who enjoys a short erotica fantasy book. It's especially great for those of us who like to play doctor.

How does a girl of 19 girl whose body is suddenly full of desire and confusion feel about having a thorough medical exam? Well, I can tell you, her back will be damp, her breasts will be tingling, and there will be a certain moistness in certain places. That's just how Amber feels and those feelings magnify about 10,000% when she comes face too face with the handsome doctor. To say My First Exam is hot is something of an understatement. Prepare to have your retina scorched.

This book was okay if you are looking for an introduction into erotica. It's not particularly kinky or taboo, so it could be boring to experienced readers of this genre. Also, the writing is rather clunky and makes it hard to get into the mood with this book.

A good read. This book is a really page turner. Amber is a 19 yo girl and she knows a lot of things.
