Package Dimensions: 10.9 x 8.6 x 1.3 inches

Shipping Weight: 4.2 pounds

Average Customer Review: 4.7 out of 5 stars 4 customer reviews

Best Sellers Rank: #5,230,227 in Books (See Top 100 in Books) #65 in [Books > Science & Math > Earth Sciences > Geology > Plate Tectonics](#)

Customer Reviews

Earth science California edition

Good book, used by our school, we wanted to buy our own copy so that our daughter would not have to lug it back and forth to/from school. Great low price. It arrived earlier than the shipped delivery date estimate, and in like new condition as advertised.

This textbook makes a potentially dull subject interesting. Thanks to .com for making textbooks available at reasonable prices.

Book was in fairly good shape. I bought book as a backup for home usage because of textbook shortage at my son's school.

Just as described
