HOW TO SHOOT A HANDGUN: Handgun Marksmanship Fundamentals For Real Life Situations

Synopsis

Let's face it, the world is a dangerous place, and things aren't getting any better, at best, and may even be getting worse. With all the violence in the world today it is only natural that you would want to use a handgun for protection. If you have never used a gun outside of a firing range before then, *How to Shoot a Handgun: Handgun Marksmanship Fundamentals for Real Life Situations* is the book you have been waiting for. Inside you will find everything you need to prepare yourself to shoot a handgun both safely and effectively, not just on the range but in a host of potential real-world scenarios. From the proper self-defense mindset to techniques for dealing with potential threats in close quarters, this book has it all. Currently more than 60 percent of all Americans own at least one gun which means that if you don't level the playing field then you could find yourself at a serious disadvantage at a time when it matters most. In a real-world self-defense scenario, you often won't have the luxury of choosing the perfect setting or shooting at stationary targets which is why *How to Shoot a Handgun: Handgun Marksmanship Fundamentals for Real Life Situations* includes plenty of discussion on how to deal with a wide variety of potential dangerous scenarios including things like dealing with multiple targets at once, connecting with targets that are on the move and firing effectively at close range. It only takes one very bad day for your life to change forever, and not in a good way. Don't be a victim, do yourself and your loved ones a favor, buy this book today! Inside you will find:

- The secret behind the perfect hand position for any gun at any time.
- A breakdown of all the mistakes that new marksmen make when holding a gun and how to avoid them.
- The right stance for any scenario to maximize accuracy and minimize recoil.
- The best way to draw a gun to be ready to fire it as quickly as possible.
- The seven most common pistol malfunctions and how to fix them as quickly and efficiently as possible.
- The easiest way to reload any type of pistol as quickly as possible.
- Drills to improve trigger control, follow through, confidence, alignment and sight picture.
- And more!

Customer Reviews

I am a self teaching person. I'd rather research and learn from my research. A lot of my achievements and growth as a shooter is as a result of this book.
