## Customer Reviews

Great book, and came in great condition too. Got it for myself as we are moving to Ireland!

This book was more than I expected. The information was very helpful. I would recommend this book to anyone considering moving to Ireland.

Just moved to Ireland after a job offer and found the book very detailed and helpful. Many sections in the book when some are valid and even save some time.

Great!

This book pretty much covers everything. I do not regret purchasing it. I am Irish and hoping to move to Ireland in the near future. The book covers everything of how to gain citizenship, careers, where to live, cultural background, medical care, renting or purchasing a home. etc. One important thing that gave me a great deal of information was taking my pet with me. Being former military there are strict regulations on taking your pet to the UK/Ireland. I will go into a more indepth review of this book for you all at a later time. Just not feeling well right now with upcoming renal surgery. But if you are considering purchasing this book than please do. I have had the book for about 3 years now and still learning from it. It feels like a big encyclopedia of Ireland for a person wishing to move there.
