Customer Reviews

Smaller than expected, but pretty good book.

Purchased this book for my son. His AP English homework over the summer was to do a detailed book analysis. The spark note and the book combined have given him all the tools needed to get his work done in a timely manner.

Bought to go along with the actual book to help in facilitating with teaching guidelines for homeschooling (9th Grade). It provides analysis and summary by chapter(s), analysis of 3 major 'characters' of the book along with 'character' list, plot overview and perspectives on the themes, motifs and symbolism in the book. Provides 6 suggested essay topics and instructional ways to develop/write the essay(s). Has a great a glossary of general terms used in literature, as well as, a glossary of relevant terms regarding the book's relevance, the author and explanations of some quotations in the book along with "key facts". There is a 25 question "review quiz" at the end, but no per chapter "quiz/review' questions (would have liked, but made own questions using summary, etc). Also includes a notation on plagiarism! Helped me in preparing an enjoyable lesson structure

and in refreshing my skills in preparing my student/child with skills needed to prepare a thought provoking,inspiring essay to remember and be proud of. Helpful to teacher and student!

It really helps trying to write my English paper

Exceeded expectations. Great for a student that rather read mystery books.

Product came as described and on time.

Perfect!
