The enormous success of these works is evidence by their frequent performance in concerts worldwide and their many recordings. This attractive, durable, authoritative edition brings the full score of each composition to students, musicians, conductors and music lovers everywhere. --This text refers to an alternate Paperback edition.

Minimum of 20 words about the product? It is readable, complete, put together acceptably, predictable Dover style-that's good. If I lost it I'd get another one.

Borodin's list of musical works was very short but his brilliant works like "Polovtsian Dances" and "In the Steppes of Central Asia" shown in this study score more than make up for it. I keep both pieces close to my heart. They are some of the most colorful and beautiful music ever made, never straying from their ethnic and Russian roots. By reading and studying Dover's wonderful release of the original score I can further appreciate the mastery of his works. The only small gripe is that the

Polovtsian Dances score left off a small introduction piece that was included in the recording of it I had. Regardless, this score is essential for any serious classical music lover.

the price is cheap and the quality is high. I have owned many knives over the years, but this is the first real" bread product that I have ever owned. I really like the construction and design. It works exactly as advertised. I have used it on bread and tomatoes and it did the job perfectly well. I would recommend this product to anyone who needs a quality bread product." good seller. my family need to change a new one , excellent.
