What a gifted designer! Megan shares her brilliant tips on how to plant each creation, in clear to understand language. As a Florist making "Sand Art Terrariums in the early 70s I would have loved to have had this as a guide! The Photography of the how to's and plants is the best ever! Every Plant lover should add this book to their library!

This book was beautiful to look at and very detailed regarding the care and display of air plants, succulents, etc. Well worth the cost.

Perfect. Just what I wanted.
