Caedmon Poetry Collection: A Century Of Poets Reading Their Work Low-Price CD

Synopsis

The Caedmon Poetry Collection is an exceptional audio anthology of some of the twentieth century's greatest poems, read by the poets who wrote them. Featuring rare recordings of William Butler Yeats reading "The Song of the Old Mother" and "The Lake Isle of Innisfree," e.e. cummings reciting "darling! because my blood can sing" and more than two dozen classics, this three-CD collection is a listening experience beyond compare. Listeners will delight in hearing these preeminent poets, both contemporary and past, reading their own work the way it was intended.

A rare and thrilling listening experience. A choice gathering of some of the twentieth century's greatest poetry... read by the century's greatest poets - here available on CDA reawakened love for the sound of poetry has made modern poems subtly different from the poems of the eighteenth and nineteenth centuries. We have only to listen to these poets reading their own works to know how important their interpretations are to a full comprehension of their poems. The ministerial intonations of Eliot, the passionate orchestrations of Thomas, the very very precise formulations of Cummings, the easy conversational inflection of Frost are integral, lending subtle clarifications which go beyond the printed page. The fact that this recording includes the voice of Yeats is something of a miracle. In the early 1930's, when the thought of recording poets occurred to few, Yeats himself made several recordings for radio broadcast. By sheer luck, an unmutated copy was preserved; and now the rich and melodious voice can be heard by a new

generation. The Caedmon Poetry Collection eliminates the struggle for perfect communication between author and reader. Just listen and you'll understand... It sounds good and is a decent price. My main issue and why I did not give this 5 stars is that I wish it came with liner notes listing the order of poets with the title of their poems. This is listed on the face of the CD; however, while the CD is playing, you cannot see the information! Also, the author's name does not display in the media application when you play this on your computer. For example, I was using MS Media Player. The title of the poem displays, but not the author. I want to know as I am listening so I don't have to go to Google and look up titles and authors.

Nice to hear these famous poets read their own poetry, especially to hear their intonations! I only wish they had better quality recording machines! I still give it 5 stars

Most of the recordings are very interesting and of major poems by major poets. However, a few were, of course, so old, before modern recording technology was improved, that their voices were difficult to understand and thus the poems challenging to follow without the printed text before one.

A fine collection of the original poets reading from their work.

Excellent

I am disappointed that the cd's didn't include the poems in print or at least a separate sheet that identified the poets and their poems.

Very nice. Gives food for thought

Unfortunately poets aren't always the best readers of their work. Still even a poor reading of good poetry is rewarding. The words soar even if the voice doesn't.
