Customer Reviews

For me, it was totally NOT a camping cookbook. We camp every year in the Sierras, and I look for easy, tasty, not a lot of ingredients, recipes. Those recipes are more for at-home cooking. People don't carry all different spices and herbs to cook when camping. Way too many ingredients. I lost the cook book that came with the dutch oven cast iron pot for camping with briquettes. It was wonderful. Sorry! Sharon

I found it to have a few great ideas that will inspire more ideas as working with a Dutch oven outdoors becomes a little more familiar. This book covers all of the beginner info for cast iron use and care which is extremely important. I found the recipes to be a good sampling of concepts covering most items you would want to cook while camping.

I've made some of the recipes in this book and found them great. The directions are easy to follow and very helpful.

Straight forward simple recipes for Dutch oven cooking.looking forward to try them out. Hopefully, they will taste as good as they sound.

All of the recipes sounded really good and would definitely add to the camping experience!! Plus it was a free download, great find!!
