Customer Reviews

Very useful in using Spanish the way native speakers do. Often a literal translation doesn't mean what is being said. We do that in English a lot too. As in, we don't say, "I'm stating some facts that I don't expect a solution from you on," we go, "just sayin'". I refer to it often.

Very relevant to everyday situations. Very short, easily digestible chapters. Even if you're an advanced learner, you'll still find it useful.

You won't find many intermediate-advanced Spanish books like this that have audio available. That's why I love it. Highly recommended!!
