Just what i needed for class.

Great book,thanks

Provides great information,

Great reference!

college textbook, useful read

Good explanation of all things bar related!

This is a textbook that my son needed for a college class, believe it or not. The information is really comprehensive and I find myself caught up and reading it as well. At times the information seems dated...the "points to ponder" questions which he frequently gets for homework are really difficult for an "under 21" reader to answer.

Great book, great buy, came on time, it's just what I wanted. This book came in good condition not a bunch of marked up pages
