This book Rocked my world! I was laughing and through the entirety of this book! Each chapter has a something douchey to say to kick off the chapter and I loved every bit of the douchieness...Jameson is a buttoned up conservative, who hides away from douches behind her

books and cardigans. Sebastian Oz is the captain of the wrestling team and Jameson assumes that he is just another D-bag. James and Oz meet at the library when his friends bet him that he can't get James to kiss him. After one hot kiss in the library, Oz and James run into each other all the time and Oz begins the quest to get in Jameson's pants. Enough with the recap. I don't usually do that so, my apologies. You are going to instantly fall in love with this and want to share tidbits with your friends. You are going to love these two and you are going to want to strangle the douche a time or two and you are going to want James to open her mouth and communicate her thoughts. But you are also going to cheer for them and squeeze them and want to hang out with them longer. Remember, Don't judge a girl by her cardigan.

Oh my goodness ... I don't even know where to start? This book, I am so glad I picked it up ... well the kindle version, so I guess I am still picking it up?! I have never laughed so much, I am seriously like every other word??! Really ... did she just write that? no, really??! lol!! ... was that truly in this book? Yes, she went there and did that??! There are so many words or sayings I have never even heard of, did Sara make them up? or are the kids these days really saying this stuff? I am not that old. 39 yrs young thank you very much, i am not a stick in the mud! Sara Ney is a freakin' genius ... i mean that truly kindly and all respect. I saw that Sara Ney, Amy Daws and Meghan Quinn are grouping together to wedding crash folks wedding days and I was thinking what a brilliant idea ... I so can not wait to see where these ladies take this idea? i bet a book is in the works??! something freakin' awesome will come of this I know it!! just me guessing out loud. but something is coming i know it!! just wait! Any who, when I thought to myself that I had not read anything from Sara, I had to look her up and then I put it all together and thought I am going to check out these douchebag books, so glad I did!! ... i think this is my favorite wrestler for sure. I have always loved the name Sebastian "Oz" Osborne, or aka "Oswald", hilarious!! ... such a sexy hot man. never met anyone with that name ... but i bet if I did he would be a hottie!! Do folks still wear pearls? i have some but not worn them in years ... maybe when i get my butt to church but that not been in a long time. (sorry mom, i know, get you butt to church girl!! maybe??! that is a totally different story.) i've never watched real wrestling just about 2 second of the WF like Hunk Hogan kind of wrestling and that is so not real just acting. I can not wait to read book 2 & 3 ... I bought book 2 and 3 is already pre-ordered ... Yep here is Beth so a new fan of Sara Ney now ... I wish I had been there from the beginning but I am so there now. She is just too much. Now come when I have been to the library I never had similar moments like these? Are there really girls out there name Jameson (aka James, Jim, Jimbo, sexy librarian, did I miss any of her nicknames?) ... like I know the sex lady but that is

her last name?! She is like a law firm or what? There is so much sexual tension in this book ... it is like a rubber band ready to POP! Watch it go?! Loved this book! must read! (;

I really enjoyed this college rom-com. It's the first sports romance I've read about wrestlers. Personally, I've never been a fan of wrestling. Big sweaty guys, grabbing each other in headlocks like elementary kids in a playground fight, rolling around on mats, and pinning each other down? Meh. And those unitard thingies they wear? I don't care how much junk they show, they just aren't sexy to me. I guess I'm in the minority because all the girls on campus get lady boners over the wrestlers. They must have a really sucky football team or something. Who knows? So yeah. The wrestlers are a big deal at this college and, apparently, the majority of them are big douche canoes. Case in point: Oz. You know how in some books the hero seems like a jerk, but deep down inside he's just hurt or insecure, but really sweet? Well, that's not Oz. He genuinely is a Grade A, self-centered, sex on the brain douche. And the thing is, while he changes for the better, there are parts of him that remain douche. Oddly enough, though, I really liked him. However, I wasn't cool with how lewd his friends are towards women, and I thought he should have done more to defend the female population. His friend/teammate Zeke, in particular, is a prick of epic proportions, and I was less than satisfied that his involvement in Oz and James's relationship remains unresolved. I liked James. Her sarcasm, confidence, and take-no-crap attitude really won me over. The push and pull between her and Oz is highly enjoyable and I loved them together as a couple. I was pleasantly surprised that there's little to no drama. This amusing story is also surprisingly sexy. I'm looking forward to reading more books in the series.
