Signs From The Afterlife: Identifying Gifts From The Other Side

Synopsis

Afterlife Communications are delivered everyday, but some messages are given in ways that require more interpretation and extra awareness. From the Other Side, Signs are used by Loved Ones to connect with their family and friends on this earthly plane. Oftentimes, the gifts they share are difficult to identify. Mastering a new language is hard work, but learning to speak the Language of Spirit is more difficult. This book is an ABC's narrative for identifying signs, messages, and signals from the Afterworld. It shares a simple way to look for, and read, communications from the hereafter. Our special ones want to connect with us. For anyone looking to continue their relationship with a Loved One in the Afterlife, this book can help teach you how to identify their Gifts from the Other Side. Love lives forever... and so do we.

Lyn Ragan knew at the age of fourteen that she would write a book one day. She subscribed to True Crime and True Detective, reading each edition faithfully while plotting her fiction novel she never wrote. Twenty-five years later, she met the love of her life never thinking she'd be involved in a real-life crime. After her fiancé's murder, she followed his guidance by way of ADC's, (After

Death Communications) and penned their first two books, *Wake Me Up! Love and The Afterlife*, and *We Need To Talk: Living With The Afterlife*. While writing her first novel, Lyn was introduced to the spiritual arts of energy work. She pursued meditation and went on to study Reiki Healing, Aura Energy, and Chakra Balancing. She later used her studies to become a professional Aura Photographer, an Ordained Minister, a Children's Book author, and a publisher. Lyn enjoys sharing her afterlife communications with Chip and hopes their story sheds new light on continuing relationships with loved ones passed. She lives in Atlanta with her fur-kids, Scooby, Chipper, Dusty, and Scooter. Lyn can be found online at LynRagan.com, and Facebook at [SignsFromTheAfterlife](https://www.facebook.com/SignsFromTheAfterlife).

The information in this book was very well presented, but it was in some places repetitive...which is a good thing in some instances. I will keep this book as a reference, but, I was surprised at the repetitiveness of the information. Overall, interesting.

I needed this eye opener, now I see the signs and know them for what they are. I lost my older son 5 months ago and I hugged his clothes, they still had his smell, crying I said out loud I just needed one more hug from you. That night I dreamed of him and to my surprise that is what I got.

it is the same as her other book *SIGNS FROM PETS IN THE AFTERLIFE* sorry I spent money on this as it is really the same book without the mention of pets!

This wasn't a "bad" book. It just didn't provide me with any new information. I had expected to learn of new signs or ways to communicate with my deceased loved ones. I would not recommend this book. I feel like I wasted my money.

Incredibly informative about what signs your loved ones are sending you. I truly believe in these signs. Brought me a lot of comfort reading this book.

I enjoy reading these kind of books. I believe in signs, so I would recommend this book.

This is an amazing read. I strongly recommend this book to anyone who is grieving or has recently suffered a loss. I love my book and it has helped me through some tough times in my life without my mother. I now know She is with me from reading this book and seeing for the first time that She has always been with me.

Interesting!
