"During the past twenty-five years I have been blessed with more good fortune than any individual deserves but I shudder to think where I'd be today, or what I'd be doing if I had not been exposed to Napoleon Hill's philosophy. It changed my life."--Og Mandino, The Greatest Salesman in the World

Napoleon Hill was born in 1883 in Virginia and died in 1970 after a long and successful career as a lecturer, an author, and as a consultant to business leaders. Think and Grow Rich is the all-time bestseller in its field, having sold 15 million copies worldwide, and sets the standard for today's motivational thinking.

Best work book

Awesome tips I love motivational books.

Love this book. Has helped me to think more positively

I love this book! I'm an inspirational speaker and trainer. The book has given me insight when I've moderated a mastermind group on the subject. It's structured nicely, has relevant guided questions, and the layout is easy to follow. It has also inspired me to write a workbook for my next book.

I have always liked this book and needed to give as a gift.

Anyone who wants to improve every aspect of their life should read TGR and do the workbook. It is all about creating good habits. We do a 10 week series of TGR every year at work with tremendous results.

Perfect read for someone starting a new business. I also had the workbook that went along with this book. It helps you think about what you want and then can plan it in the workbook.

love it good condition !
