Grandson read it way too fast

My 8 year old LOVES the Geronimo Stilton books. Space series is cute as can be. We love reading them together. The words are printed in a way that makes the reading more fun for the kids. And they are entertaining enough for adults reading with younger readers not quite ready for chapter books on their own.

My kids love all these books

Another amazing Geronimo book. I can't wait for the next one. I love reading these cool, funny, fantastic books. I am happy they exist.

My grandkids, both girls and boys, can't get enough of the Geronimo Stilton books. They love them all!
