# Medical Assisting Made Incredibly Easy: Pharmacology

## Synopsis

Part of the new Medical Assisting Made Incredibly Easy series, this text presents the core basic concepts of pharmacology in a light-hearted, humorous, readable, extremely practical style that makes teaching and learning fun. A host character guides students through pharmacology concepts needed to pass certification exams required by CAAHEP and ABHES. Boxes with eye-catching icons provide practical advice about workplace scenarios and other topics. More than 175 full-color illustrations enhance visual learning. A Study Guide is available as an additional purchase. A free Instructor's Resource CD-ROM including PowerPoint slides, test bank and lecture notes is available from Lippincott Williams & Wilkins to instructors who adopt the text.

## Customer Reviews

Overpriced book that has problems to do mathematical calculations but doesn't have the answers. Don't get the study guide either because the answers are not there either. What a waste! I wish I could get my money back.

Fast shipping and just received it today, but I thought I bought this new. Looks used and there's a ripe on the back cover >:[

the book is great if you want to know about pharmacology and if it is right for you with out spending

cash on the course

delivery so quickly. my brother like it , OK. It cuts slices as thick or as thin as I want with no crumbs-a nice clean cut. I am completely satisfied with it and am happy to have a slot in my product block that it just fits in. These are so great!
